

Circuit Breaker Tax Credits by House District 2011 Calendar Year to Date

Missouri Department of Revenue zip code data aggregated by the Missouri Department of Economic Development.

District totals will not add to State total as data is not publicly available for zip codes with fewer than 8 claims. Data excluded from the District totals equals 1.1 percent or less of the total claims and redemptions.

Zip code and district boundaries do not match. Zip code totals are assigned to districts based on where the centroid of the zip code is located.
