Analog Core Programming

2. State the average number of hours of Core Programming per week broadcast by the station. 0 hours  
 See 47 C.F.R. §73.671(c).

3.(a) Does the Licensee provide information identifying each Core Program aired on its station, including an indication of the target child audience, to publishers of program guides as required by 47 C.F.R. §73.673? Y

(b) Identify publishers who were sent information in 3(a).

Titan TV Guide

4. Complete the following for each program that you aired during the past three months that meets the definition of Core Programming. Complete chart below for each Core Program.

[There are no analog core program reports.]

Non-Core Educational and Informational Programming

5. Complete the following for each program that you aired during the past three months that is specifically designed to meet the educational and informational needs of children ages 16 and under, but does not meet one or more elements of the definition of Core Programming. See 47 C.F.R. §73.671. Complete chart below for each additional such educational and informational program.

[There are no analog non-core program reports.]

Sponsored Core Programming

6. List Core Programs, if any, aired by other analog stations that are sponsored by the Licensee and that meet the criteria set forth in 47 C.F.R. §73.671. Also indicate whether the amount of total Core Programming broadcast by another station increased.

[There are no analog sponsored core program broadcast reports.]

[There are no analog sponsored core program detail reports.]

Digital Core Programming

7. (a) State the average number of hours of Core Programming per week broadcast by the station on its main program stream. 3.38 hours

(b) Did the Licensee broadcast on its main digital program stream the same Children's Core Programming provided on its analog channel? N

(c) If Yes to 7(b), the Licensee certifies that the representations and children's program

information provided with respect to its analog channel apply equally with respect to its main digital program stream.

If No to 7(c), submit as an Exhibit a Statement of Explanation.

- 8. (a) State the average number of hours per week of free over-the-air digital video programming broadcast by the station on other than its main program stream. 168 hours
- (b) State the average number of hours per week of Core Programming broadcast by the station on other than its main program stream. See 47 C.F.R. §73.671. 3.5 hours
- 9. (a) Does the Licensee provide information identifying each Core Program aired on its station, including an indication of the target child audience, to publishers of program Y guides as required by 47 C.F.R. §73.673?

(b) Identify publishers who were sent information in 9(a).

BABAR, based on the books by Laurent de Brunhoff, is an animated show about a young orphaned elephant who finds the strength to rise above the challenges he faces, including the death of his parents, as he journeys through life. Each episode of the show develops a social-emotional message such as taking responsibility, being patient and persistent in hard work, respecting people's privacy, learning to cope with unforeseen changes, and being honest. These messages emerge from the need to resolve a dilemma that is faced by Babar, one of his friends or family members.

 "The Zula Patrol" teaches science and astronomy facts to a target audience of 4-8 year old children. The Zula Patrol is a group of six animated aliens, headed by Captain Bula, who carry out a variety of scientific space missions. During their missions, Captain Bula and his crew often encounter their foe, Dark Truder, and his minion, Traxie, who are trying to take over the universe. Over the course of the story, the audience learns different facts about a specific space topic, such as stars, planets, orbits, moons, asteroids, comets, gravity, and space probes. The information is then highlighted during a segment where crew member Professor Multo delivers his "Multo-Moments" or summary of scientific facts from the story. Typically the stories also provide a social-emotional tag based on tolerance and non-violent conflict-resolution.

Describe the educational and informational objective of the program and how it meets the definition of Core Programming

Meet young Zack Morris, perhaps the most enterprising student at the Bayside School in Palisades, California. By Zack's own admission, he loves school...too bad that classes get in the way. Saved By The Bell features six enterprising, adventurous teenage students with inventive schemes and mischievous dreams. The series follows the teens throughout their fun-filled days at Bayside school and their antic-filled nights at their favorite hangout, The Max. Told from the kids' point of view, Saved By The Bell presents the conflicts and chuckles that teen romances inevitably deliver. Zack sees himself as a heartthrob, and vies with new student A.C. Slater for the attentions of Kelly, the prettiest girl in the school. Often involved in their outlandish plots are Screech, the class clown and electronics genius, and Lisa, the school's fashion plate. Jessie tries to be the voice of sanity, often persuading the gang to do the right thing. School principal Mr. Belding tries desperately to connect with the younger generation but always misses the mark. But Max, owner of the hangout, knows how to reach the kids as he serves up dazzling magic tricks along with the hamburgers.

Describe the educational and informational objective of the program and how it meets the definition of Core Programming

Today the world is a very small place, and as a result, it is challenging for children to develop healthy attitudes of tolerance and acceptance in a time when it is increasingly important that we all learn to work together. GoGoRicki tackles this problem headon with the creation of a magical yet modern world filled iwth diverse, non-threatening, relatable characters delighting in the desparities in their individual personalities and unique perspectives gently addressing larger issues of tolerance. the characters draw strength form the various experiences and opinions they each bring to any situation, so that differences are embraced rather than rejected. How can we all work together to solve problems? We all share one planet, so how can we make the common goal of protecting it a unifying mission? In what ways can we celebrate and appreciate each others differences and rejoice in our distinct experiences on an appropriate scale each and every day? Various people may approach issues from their unique perspective, so how do we recognize what is morally and ethically correct in a wold where things are not always just black and white? A primary education purpose of each program is to integrate age appropriate social and emotional skills and other educational social material into the context of GoGoRicki's overall settings and individual episodes. To best integrate these core skillsa nd values into the stories, situations and humor of GoGoRicki, a variety of tactics and strategies were deployed throughout the series. Life scanrios that commonly worry children, like: making the right choices; dealing with obstacles; feeling sad, insecure or vulnerable; disappointing friends; failure to succeed; facing conflict; and overcoming fears and phobias are presented thought GoGoRicki. These scenarios are then resolved through a variety of practical and tested behavioral solutions. In order to foster responsibility, cooperation and caring attitudes, there are social and emotional objectives such as cooperation and collaboration; selfdiscipline; group decision making; conflict resolution; and personal responsibility. Additional objectives are highlighted, including personal courage, caring for others, perseverance, resoucefulness and optimism. Important social emotional messages, including tolerance for others, self sacrifice, teamwork, respect for differences, problem solving and recognizing right from wrong are integrated through the series.

Describe the educational and informational objective of the program and how it meets the definition of Core Programming

“Willa’s Wild Life” is a new animated series centered on a six-year-old girl, and her menagerie of animals. Willa lives at home with her father and pets — an elephant, a giraffe, a pair of performing seals, a bear, penguins, and lots of rabbits. In each episode, Willa faces a challenge at home, in school or in her neighborhood. With her animals and best friend Dooley as key elements of her team, Willa works on solutions to overcome her challenge. Together they find ways to maintain healthy friendships, experience success, develop competence, and become altruistic. With help from her animal friends, Willa figures out how to earn the things she wants by helping others. She learns to appreciate the friends that she has rather than trying to change to fit in with the “cool” group. She realizes that asking questions is better than jumping to conclusions. Whether at school, home or in the neighborhood, Willa finds a way to analyze her situation and learn from experience.

Describe the educational and informational objective of the program and how it meets the definition of Core Programming

Based on Mordecai Richler’s books, “Jacob Two-Two” is an animated show about the challenges of a little boy, the youngest of five siblings. Jacob is so small for his age he often repeats himself just so he can be heard. His parents are compassionate, but his siblings are not, and Jacob has to be resourceful and inventive in learning how to assert himself, overcome his fears, get along with others, and still enjoy his childhood. He manages to turn even the most inconsequential events into adventures with his friends, Buford and Renee. Every adventure teaches him a life lesson, from learning how to be responsible to figuring out how to manage a bully. In addition, there are implicit lessons that promote a love for learning and language development usually conveyed through Jacob’s father, a full-time writer.

Describe the educational and informational objective of the program and how it meets the definition of Core Programming

Set in medieval times, "Jane and the Dragon" is an animated show based on Martin Baynton's best-selling book about a middle-class medieval girl named Jane. Jane is raised in the Royal Court as a Knight-in-Training after she demonstrates her courage by leaving the castle to conquer the local dragon. The giant green Dragon, whose sense of humor exceeds his ferocity, instead becomes Jane's best friend and a part of the castle community. In each episode, Jane encounters a challenge that tests her problem-solving skills and requires her to demonstrate her strength of character as a Knight of the King's Guard. Sometimes Jane learns a moral lesson, and other times she uses her analytical ability to illustrate how a problem can be made less complicated and easily solved.

Describe the educational and informational objective of the program and how it meets the definition of Core Programming

"Shelldon" is an animated series about a school-aged yoka shell mollusk named Shelldon. He lives with his adoptive family, the Clams, in Shell Land, an undersea community populated by all sorts of sea species. Shelldon and his best friends, Connie (a cowry shell mollusk) and Herman (a

hermit crab) face a specific challenge in every episode. The problem may be managing a bully, improving their grades, learning how to be altruistic, or protecting their environment from natural and man-made disasters. In all cases, they rely on Dr. Shell, the most venerated intellectual and elder in Shell Land who teaches them and gives them opportunities to harness their potential and solve the problem. Each episode provides a direct social-emotional lesson and many episodes provide informational content relating to the sea life habitat of Shell Land and environmental conservation.

11. Does the Licensee certify that at least 50% of the Core Programming counted toward meeting the additional programming guideline (applied to free video programming aired on other than the main program stream) did not consist of program episodes that had already aired within the previous seven days either on the station's main program stream or on another of the station's free digital program streams? Y

If No, submit as an Exhibit a Statement of Explanation setting forth the number of repeats in excess of the repeat limit and the times and dates the episodes involved were aired.

**Non-Core Educational and Informational Programming**

12. Complete the following for each program that you aired during the past three months that is specifically designed to meet the educational and informational needs of children ages 16 and under, but does not meet one or more elements of the definition of Core Programming. See 47 C.F.R. §73.671. Complete chart below for each additional such educational and information program. [There are no digital non-core program reports.]

 Regular Schedule **Saturday 11am, 12:00 p.m.** Total Times to be Aired **13**  
 Length of Program **30 minutes** Age of Target Audience  
 From **4 years** To **8 years**

Describe the educational and informational objective of the program and how it meets the definition of Core Programming

Willi's Wild Life is a new animated series centered on a six-year-old girl, and her menagerie of animals. Willi lives at home with her father and pets an elephant, a giraffe, a pair of performing seals, a bear, penguins, and lots of rabbits. In each episode, Willi faces a challenge at home, in school or in her neighborhood. With her animals and best friend Dooley as key elements of her team, Willi works on solutions to overcome her challenge. Together they find ways to maintain healthy friendships, experience success, develop competence, and become altruistic. With help from her animal friends, Willi figures out how to earn the things she wants by helping others. She learns to appreciate the friends that she has rather than trying to change to fit in with the "cool" group. She realizes that asking questions is better than jumping to conclusions. Whether at school, home or in the neighborhood, Willi finds a way to analyze her situation and learn from experience.

Title of Planned Core Program #9 **Jane & the Dragon (digital main channel)** Origination **NETWORK**  
 Regular Schedule **Saturday 12:30pm** Total Times to be Aired **13**  
 Length of Program **30 minutes** Age of Target Audience  
 From **4 years** To **8 years**

Describe the educational and informational objective of the program and how it meets the definition of Core Programming

Set in medieval times, Jane and the Dragon is an animated show based on Martin Baynton's best-selling book about a middle-class medieval girl named Jane. Jane is raised in the Royal Court as a Knight-in-Training after she demonstrates her courage by leaving the castle to conquer the local dragon. The giant green Dragon, whose sense of humor exceeds his ferocity, instead becomes Jane's best friend and a part of the castle community. In each episode, Jane encounters a challenge that tests her problem-solving skills and requires her to demonstrate her strength of character as a Knight of the King's Guard. Sometimes Jane learns a moral lesson, and other times she uses her analytical ability to illustrate how a problem can be made less complicated and easily solved.

Title of Planned Core Program #10 **Shelldon (digital main channel)** Origination **NETWORK**  
 Regular Schedule **Saturday 10:30 a.m., 12:00pm** Total Times to be Aired **13**  
 Length of Program **30 minutes** Age of Target Audience  
 From **4 years** To **8 years**

Describe the educational and informational objective of the program and how it meets the definition of Core Programming

"Shelldon" is an animated series about a school-aged yoka shell mollusk named Shelldon. He lives

with his adoptive family, the Clams, in Shell Land, an undersea community populated by all sorts of sea species. Shelldon and his best friends, Connie (a cowry shell mollusk) and Herman (a hermit crab) face a specific challenge in every episode. The problem may be managing a bully, improving their grades, learning how to be altruistic, or protecting their environment from natural and man-made disasters. In all cases, they rely on Dr. Shell, the most venerated intellectual and elder in Shell Land who teaches them and gives them opportunities to harness their potential and solve the problem. Each episode provides a direct social-emotional lesson and many episodes provide informational content relating to the sea life habitat of Shell Land and environmental conservation.

Turbo Dogs (digital main channel) NETWORK

Regular Schedule Total Times to be Aired

Saturday 10:00 a.m. 12

Length of Program

Age of Target Audience

30 minutes

From	To
4 years	8 years

Describe the educational and informational objective of the program and how it meets the definition of Core Programming

"Turbo Dogs" is an animated show based on the books, Racer Dogs, by Bob Kolar. The series follows a group of six dogs from Racerville who love to compete with one another in races. In each story, one or more of the dogs encounter and solve problems that teach them social-emotional lessons on good sportsmanship, teamwork, cooperation, playing fair, and friendship. The show also imparts information on the mechanics of racing such as directionality and concepts of distance and time. The social-emotional messages are embedded through the stories using action and humor. The tags at the end of each episode reiterate and establish the educational message learned by the dogs.

Title of Planned Core Program #12 Origination

3-2-1 Penguins! (digital main channel) NETWORK

Regular Schedule Total Times to be Aired

Saturday 11:00 a.m. 12

Length of Program

Age of Target Audience

30 minutes

From	To
4 years	8 years

Describe the educational and informational objective of the program and how it meets the definition of Core Programming

"3-2-1 Penguins!" features two children—Jason and Michelle—whose vacation at their grandmother's cottage ends up being more adventure than they expect when their toy spaceship with four toy Penguins comes to life. The children are sucked into the spaceship, where they meet the now live Penguins and journey through space to solve an inter-galactic disaster threatening the Penguins and their friends. Each story begins with a problem, a moral dilemma for one of the siblings that affects his/her relations with the other, and ends after the children have learned an important social-emotional message through their adventure. The show communicates messages on topics such as honesty, being patient with others, and avoiding jealousy.

15. Does the Licensee publicize the existence and location of the station's Children's Television Programming Reports (FCC 398) as required by 47 C.F.R. §73.3526(e)(11)(iii)?
