RE: Story regarding Neighborhood Protection Corps violations written on properties owned by City agencies.

Dear Jeremy,

The Houston Housing Authority takes its responsibility to the community very seriously and is spending \$600,000 on repairs to approximately 200 single family homes that we own and are selling to qualified low income families.

Exterior repairs were completed on the Audubon Forest property weeks ago. At the time the property is sold The Houston Housing Authority will contribute money toward the cost of any interior repairs that may be necessary.

Unfortunately people entering the property left it unlocked. The property is now secure.

Sincerely,

Dennis Spellman  
Vice President of External Affairs
