

ID	Category	Topic	Detail	Data	Measure*	Rubric
1	Educational Climate					
1.1		Maintain Diversity		Individual Student Data	% at School	
1.2		School Performance				
1.3		Expand Grade levels and Grade Configurations		Educational Plan		
1.4		Maintain Neighborhood Schools		Distance Calculations		
1.5		Equitable and Adequate Distribution of Funds				
1.5.1		economic savings to support academic improvement of students				
1.6		School Accountability				
1.6.1		leadership and administrative accountability				
1.6.2		select and retain quality teachers				
1.6.3		environment conducive to teaching and learning				
1.6.4		parent involvement				
1.7		Academic Offerings				
1.7.1		comprehensive high schools		List of programs offered	Number and Location	
1.7.2		schools for non-traditional learners		List of schools.	Number and Location	
1.7.3		career technical education (CTE)		Locations List	Number and Location	
1.7.4		laboratory schools		Locations List	Number and Location	
1.7.5		alternative schools		Locations List	Number and Location	
1.7.6		magnet schools		Locations List	Number and Location	
2	Schools as Center of the Community					
2.1		Neighborhood School Concept				
2.2		Community Programming and Alternative uses		School usage.		
2.3		Business Partnerships		List of partners.		
3	School Climate and Safety					
3.1		Open lines of Communications				
3.2		Small Class Size		Educational Plan		
3.3		Student Attendance and Student Retention		Attendance / Retention		
3.4		Safe Environment				
3.4.1		reduce serious incidents		# Incidents/school		
3.4.2		disciplinary code		Exist per school?		
3.4.3		safe path to schools		Demographics/Transportation		

ID	Category	Topic	Detail	Data	Measure*	Rubric
4	Demographics					
4.1		Maintain Diversity		(see 1.1)		
4.2		Neighborhood Schools		Population distance to school.	Adaquate distance.	
4.3		Rezoning				
4.3.1		feeder pattern change		NPU / School boundaries.		
4.3.2		school to school feeder patterns		NPU / Bound and Enroll/Cap.		
4.3.3		review feeders of current communities		Community areas.		
4.4		Enrollment Trends				
4.4.1		plan for future growth		Planning office.	Identify and effects.	
4.4.2		enrollment declines		Census data, live births.	Identify and effects.	
4.5		Transportation				
4.5.1		neighborhood walking distance		Walking distance per grade.		
4.5.2		optimize transportation routes				
4.5.3		reduce transportation				

5	Facilities Condition, Utilization, and Adequacy					
5.1		Facilities Condition		Cleaning and atmosphere.		
5.2		Facility Code (building, ADA, Environmental)		Code compliance.		
5.3		Facility Physical Condition		Condition Assessment.		
5.4		Utilization				
5.4.1		enrollment vs. capacity		Enrollment and Capacity.		
5.4.2		size of schools total enrollment vs. grade levels		Enrollment and Grades.		
5.5		Facility Adequacy (inventory)				
5.5.1		space adequacy for educational program		Ed Program and Space Inv.		
5.5.2		space standards		Standards and Space Inv.		
5.6		Site Adequacy				
5.6.1		sport fields		Location of fields.		
5.6.2		playgrounds		Location of playgrounds		
5.6.3		parking		Location and size of parking lots.		

ID	Category	Topic	Detail	Data	Measure*	Rubric
6	Operational Efficiency					
6.1		Cost of Capital Improvements		Capital Phases.		
6.2		Operating Expenses				
6.2.1		utilities		Utility costs over time.		
6.2.2		custodial		Cleaning staff and materials (annual).		
6.2.3		building engineer		Operations staff.		
6.3	Funding					
6.3.1		partnerships (universities, corporations, community)				
6.4		Alternative Energy				

* A measure is used to determine an INDEX VALUE. Data and Measure are unnecessary if Index Value or Ranking is provided.
