CASH FOR CLUNKERS at Davidson

What is Cash for Clunkers?

It's a new federal program -- officially called "Car Allowance Rebate System" (CARS) -- that provides up to \$4,500 toward the purchase or lease of a new, more fuel efficient vehicle when you trade in a less fuel efficient vehicle. And that's NOT a typo! It really could be worth up to \$4,500 for you! Your trade-in must be less than 25 years old, and certain fuel economy ratings may apply.

Just be sure you do not pre-determine your vehicle's program eligibility. Let the Cash for Clunker experts at Davidson help you know for sure. [Email Us](#) or call or visit your nearest Davidson dealership. You'll find complete contact info at the bottom of this page

When is it effective?

The program runs from July 1, 2009 to November 1, 2009, or until the federal money runs out. Since there is only enough money allocated for about 250,000 vouchers, many believe the funds will run out well before November 1st. If you're interested in the program, you may want to act quickly and contact us now. Call visit or [Email Us](#)

OK, I have a clunker. What new vehicles qualify?

Generally speaking, to qualify for a \$3,500 voucher the new vehicle must be at least 4 MPG more fuel-efficient than your trade-in. For a \$4,500 voucher, the new vehicle must be at least 10 MPG more fuel-efficient. Different combinations may also qualify, for example, trading a clunker car for a fuel-efficient truck. Again, call or visit your local Davidson Auto Group new car location with questions about specific vehicles. Or [Email Us](#)

What eligible vehicles does Davidson Auto Group sell?

Wow! Too many to list here. Most new Nissans are eligible. And GM has over 70 new car and truck models -- more than any other manufacturer -- that are eligible for the Cash for Clunkers program.

Do I need to go through the hassle of a long drawn out red-tape process dealing with four or five government agencies to obtain a voucher that might show up some time next year?!

No. We handle the credit from the government on your behalf.

Can I go to a junkyard and buy a clunker to trade in?

Wouldn't it be great if you could! Your trade-in vehicle must be registered and insured continuously for the full year preceding the trade-in.

Where can I find more detailed information?

Here are a few Web sites that offer info:

www.cars.gov - US government site that explains the program. Or call their hotline at 866-CAR-7891

www.fueleconomy.gov/fec/findacar.htm - This site will help you decide if your trade is eligible. However, doubt is not a good thing, so if you have even the slightest question whether your trade qualifies, be sure to contact your nearest Davidson dealership for the facts.

www.nhtsa.gov - National Highway Traffic & Safety Administration site that has a summary of the program legislation. Great bedtime reading... (z-z-z). But if you're into the legal stuff, this site is for you.

What about that Davidson contact info you mentioned?

Good memory! Davidson has three new-vehicle dealerships representing Nissan and five GM franchises serving central and northern New York state. Remember, if you think Cash for Clunkers could be a great deal for you, act quickly! Call or email us or come in today! Or at least by tomorrow!

U.S. GOVERNMENT OFFER CARS
car allowance rebate system

Do you qualify for up to \$10,000 of dealer, factory and Government Assistance on your next vehicle purchase?

Just Announced: United States Senate has recently passed the "Car Allowance Rebate System (CARS)" Program. This legislation states that consumers will receive a "CARS" voucher from the U.S. Federal Government for \$3,500 or \$4,500 when you trade-in your 1984 to 2001 vehicle toward a more fuel-efficient new vehicle.

During this special event COOPER KIA is also offering an additional cash assistance to be used on your vehicle purchase. Combine these incentives with factory rebates from KIA up to \$3,500 and you could save \$10,000 on the purchase of your next vehicle.

*Passenger cars from 1984-2001 with combined miles per gallon ratings of 18 or less are eligible. Owners could get a \$3,500 voucher if they trade for a new car rated at least 4 mpg higher or \$4,500 if they buy a car that gets 10 mpg more. SUVs, pick-ups or minivans 1984-1999 that get 18 mpg or less could earn a voucher for \$3,500 if they meet SUV, truck or minivan mpg at least 2 mpg more than their old vehicle or \$4,500 if the new truck or SUV gets at least 5 mpg more. In either case, the owner of the trade-in must have it at least a year, and it must be drivable. Dealer must provide assurance the trade-in is scrapped. Does not apply to leased vehicles. Tax credit must be claimed under Section 306(e) and Internal Revenue Code Section 306. Available to all taxpayers who purchase a qualified vehicle on or before 12/31/2010. Leased vehicles are not eligible for tax credit. Only a limited number of full tax credits are available. Please consult a tax professional for more information or go to www.irs.gov. EPA estimated. Your mileage will vary. Offer valid in the U.S. only. Limit one trade-in per customer. WVA approved credit on selected models. See dealer for details. APR offer good on select 2009 models. Offer ends 11/27/09. Finance plans available through KMAC. Credit approval required. See your KIA dealer for financing details. A visual inspection of your vehicle will be required to determine the actual dollar value of your trade-in. Not all customers will qualify for all incentives.
