

Miss Virginia 2011 Elizabeth Crot.

The Virginia Conflict Resolution Center is hosting "9/11 Red, White and Serve" from 1-5 pm featuring a variety of community service projects to benefit the community (planting a peace garden, community clean-up, care packages for children at the children's hospitals, baking cookies for homeless, etc.) They expect hundreds of local children to participate. Not only will this event separate itself from other 9-11 events with the sheer number of young people engaged, but with the presence of Miss Virginia.

This project was made possible by the VA Conflict Resolution Center receiving one of fifteen Youth Service America (YSA) 9/11 grants. Hundreds of community centers applied for these \$500 and \$1,000 grants for community service projects on the 10th anniversary of the attacks.
