THE WINGS OF FREEDOM VISION STATEMENT:

Our Vision is to honor our veterans and citizens with a rare opportunity to experience
a restored example of this historic aircraft in which our airmen fought bravely while our citi-
zens supported through their sacrifices at home. Our museum collection is designed to honor
those who fought the war both at home and abroad as well as to increase our community's
awareness through education of the common sacrifice our nation made in defense of free-
dom during World War II.
