Narrative

Walworth County Emergency Management continues to provide the Walworth County Storm Damage Reporting Hotline, and residents with storm damage are urged to call this number as soon as possible and report damage from the recent weather events.

Walworth County Emergency Management Director Kevin Williams has activated the Walworth County Storm Damage Reporting Hotline. The number is 262-741-7700, and is for Walworth County citizens to call and report specific damage received as a result of recent weather events. Please note the purpose for this number is to report damage.

This information will be used to accurately report damage in Walworth County to the State of Wisconsin in an attempt to gain State and Federal assistance.
